

MANOJ M

DEVOPS & AUTOMATION ENGINEER

9626690684

Navalur, Chennai

m4010334@gmail.com

ABOUT ME

- Programmer Analyst Trainee at **Cognizant** with hands-on experience in DevOps, Cloud Technologies, and Infrastructure Automation. Completed intensive training in **AWS, Linux, Python, Ansible, Terraform, Docker, Kubernetes, Jenkins, and SRE** practices. Currently working on the Sanofi IMS Support Project Automation Team, developing automation solutions using **Ansible, PowerShell, and ServiceNow Flow Designer**. Skilled in **ticket monitoring, workflow automation, and reporting using ServiceNow, Jira, ALM, and Power BI**.

EDUCATION

B.E. Electronics and Communication Engineering (ECE) - **2020 - 2024**

Mohamed Sathak Engineering College (MSEC)

EXPERIENCE

Program Analyst Trainee

- Cognizant Technology Solutions | Joined July 2025
- Completed 5 months of training in **AWS, Linux, Shell Scripting, Python, Git, Ansible, Terraform, Docker, Kubernetes, Jenkins, Splunk, Maven, JIRA, and SRE** basics.
- Gained hands-on experience in automation, configuration management, and CI/CD through labs and project work.

Automation Team Member – Sanofi IMS Support Project

- Cognizant Technology Solutions (Client: Sanofi)
- Automated manual support tasks using **Ansible and PowerShell** to improve team efficiency.
- Built and managed automated workflows in **ServiceNow Flow Designer**.
- Monitored and tracked support tickets in ServiceNow to ensure timely resolution.
- Used **JIRA and ALM** to manage and document **automation tasks**.
- Built **Power BI dashboards** to report ticket counts and **automation performance**.
- Worked with the team to understand requirements and convert them into automation scripts.
